BARBOURVILLE, KY., FRIDAY, SEPTEMBER 26, 1919

ONE DOLLAR AND FIFTY CENTS A YEAR IN ADVANCE

John Barleycorn Is Not Dead; He Has Only Been Knocked Down! Lets Finish The Job; VOTE FOR THE CONSTITUTIONAL AMENDMENT!

INFORMATION FROM WASHINGTON

September, 18th, 1919.
My Dear Editor:
The following information will be of interest to many of your readers and friends. You will please publish:

1. I can secure positions for stenographers here in Washington. Any of your readers desiring such positions will please write me for information.

2. On October 18th and November 15th, 1919, there will be a Civil Service examination for clerks in the Bureau of Census. These positions will pay around \$1250 per year and up. I shall be glad to furnish any one full instruction and information as to the requirements.

3. On October 9th there will be a Civil Service examination for Attorneys in the Claim Department Bureau of War Risk Insurance. I will be glad to furnish full information about this examination.

4. Any one having trouble with their pensions compensation, allotments or allowances, will write me. Always give Company, regiment, place and time of service, etc.

5. Any one desiring Farmers' bulletins will advise me of the kind and number desired.

6. Any soldier who wants clothing such as overcoat, underclothing, uniforms, raincoat, or any kind of clothing usually supplied by the War Department, write me and I will send them application blanks. This is allowed free to discharged soldiers.

It is always a pleasure to me to serve any of the people of my District. All the Departments give special attention to Congressmen for information.
Your friend,
J. M. Robison.

A PROGRESSIVE FARMER

An exhibit that has attracted a good deal of attention was placed in front of The Times office one day this week by Mr. W. S. Siler, a farmer living in the Siler section of Knox County. The exhibit consists of one giant stalk of corn at least sixteen or seventeen feet high and several stalks of sorghum cane nearly as high. The corn stalk has a large ear about eight or eight and a half feet from the ground. Considering the extreme height of the ear it is an unusually large one and the grains are filled to the tip of the cob. The cane stalks are topped with a luxuriant growth of seed and make a very pleasant sight. Mr. Siler raised this sample on his farm about three miles from Corbin, and he tells us that he selected them at random from his field. Mr. Siler belongs to the progressive school of farmers that are making things happen on these old, worn-out hillsides, and is an intelligent and pleasant gentleman as one could care to meet.—Corbin Times.

COOLNESS SAVES LIVES

Helen Roberts, the thirteen year old daughter of E. L. Roberts, Superintendent of the College Printing Office, Berea, Ky., recently saved the life of the baby of Secretary Vaughn when she stayed in a run-away auto long enough to pick up and throw out the baby which was in the car with her. Then she jumped and suffered no hurt. The car was standing on the brow of a hill and was jarred into motion when Helen and other children got into it. It dashed down the hill and over the brink when it turned turtle and rolled over and over. The coolness of the little girl in forgetting self and thinking instead of the baby stamps her as a little heroine.

LIFE SENTENCE ANNULLED

The cases against Marshal Stanley and Will Nix who were convicted of murder in the Harlan County Circuit Court about a year ago and given life sentences, and which sentence was later reversed by the Court of Appeals and remanded back for a new trial, came up Saturday before Judge Davis.

Commonwealth Attorney Forester was unable to secure the former witnesses in the case, they having removed to other parts, and after consulting with the court, decided it would be impossible to secure a conviction, and accordingly the cases against both men were dismissed.—Harlan Enterprise.

MISS BLACK ENTERTAINS FOR MRS. BENNINGHOFF

Miss Gertrude Black entertained with a dinner party for her house guest, Mrs. Louise Benninghoff, of Mineral Wells, Texas. The Executive Mansion was decorated thruout with garden flowers, yellow roses and dahlias being used in profusion, and the ices and mints carried out the color scheme. The center piece for the table was a silver vase filled with roses and the candlesticks held yellow lighted tapers. The taily cards were handpainted affairs. Covers were placed for Mrs. Benninghoff, Mrs. James D. Black, Mr. and Mrs. Claude Minor, Perryville; Mr. and Mrs. Owen McIntyre, Danville; Miss Roberta Sandusky, Lexington; Miss Anna Deeds, Miss McGill, Pitzer Black and the hostess.—Louisville Herald.

THE WORK GROWS

Standardization of poultry, which means one breed for each county, is now being put into operation in 85 counties in Kentucky under the direction of the Extension Division of the College of Agriculture. The past spring 461,000 pure bred eggs were distributed in these 85 counties. It is predicted that 750,000 pure bred eggs of standard breeds will be sold for setting next season.

ED MORROW RECEIVES APPROVAL OF COURIER JOURNAL

Edwin P. Morrow

Kentucky people have been tremendously stirred by the announcement of Edwin P. Morrow, Republican candidate for Governor, that, if elected, he will appoint the following Board of Control for all Charitable and Penal Institutions: Dr. W. A. Ganfield, Danville, President of Center College, Dr. George W. Sprague, Lexington, eminent specialist in nervous diseases, Edward W. Hines, Louisville, Chairman of Kentucky Council of National Defense, Fred M. Sackett, Louisville, former Federal Food Administrator of Kentucky, Mrs. Lafon Riker, Harrodsburg, President Associated Women's Clubs, Clarence U. McElroy, Bowling Green, Attorney, and Mrs. Alice Hegan Rice, Louisville, noted writer and social worker, the lieutenant governor, S. Thruston Ballard, to act as ex-officio chairman.

Three of the members of the board are Republicans and three are Democrats with one Independent. The legislature will be asked to give the Board full powers.

The Courier Journal says Sept. 11th: "Mr. Morrow, Republican candidate for Governor, is playing more than a smooth game of politics when, as he did yesterday, he announces in advance of the November election his selection for important appointments."

It is more than smooth because it is wise. Its wisdom lies in its frankness, in its expression of a will ingness on the part of a candidate for office to tell the voters something which they would like to know. Heretofore the disposition of candidates has been to puff the public hope with unlimited promises, only to allow the people to trust to luck and then to be surprised and disappointed.

A Governor must depend upon the character of his assistants and agents for the quality of his administration. It has been long a practice to choose those assistants and agents by the low test of political utility instead of by the high one of pre-eminent qualification.

Kentucky has suffered from high hopes and broken promises. Its charitable and penal institutions have too frequently been operated as political auxiliaries, rather than as real asylums for the weak, real hospitals for the sick or institutions

for the scientific handling of criminals. The Board of Control may be a curse or a blessing, according to the disinterested service and abilities of its members. The names presented by Mr. Morrow as his choice not only noticeably lack the order of political partisanship, but they are of such character as to carry instant assurance of ability and integrity.

Mr. Morrow has played a strong card."

In discussing Governor Black and the charitable and penal institutions The Courier-Journal on Monday, Sept. 8th, said:

"It is well enough to pledge in a general way the selection for the Board of Control, without regard to their politics, men and women of highest personal character and peculiar fitness for the work, but a more specific statement of the methods intended to accomplish this would have been desirable. This omission, however, the nominee for Governor can adequately supply by announcing in advance the names of those whom he proposes to appoint to the Board's membership."

It is presumable that Governor Black is not less sagacious or less candid than Mr. Morrow. If he is to justify public support he cannot afford to let Mr. Morrow's ingenious play go untrumped. The day is ripe for political regeneration—for new methods, for an appeal to popular confidence, for the subordination of mere politics to the ideal of good government. Government is not originally created to provide jobs for "the boys" but to carry on a great and lofty task in a solemn spirit. More and more is this the tune of the time.

It is now not only Governor Black's turn, but his opportunity. It will hearten his friends and strengthen him in the estimate of the hesitant who may fear a Democratic victory for him, to announce his selection for these important posts.

The Governor will speak promptly if he means to give Mr. Morrow no advantage in the pending contest; and he will announce selections of such fine quality as to bring instant conviction to the public mind of good faith, ability and high conscience in the future conduct of the State's institutions."

The Times, another Democratic newspaper, also writes approvingly of Mr. Morrow's action.

SUFFERS BROKEN BACK

A sad accident occurred Friday when the fourteen year old son of Lathan Licklitter, living on the mountain between Swan Pond and Stony Fork Gap, sustained a broken back when a deadened tree was blown over by the wind and fell on the boy's neck and back. The boy was pulling fodder at the time and had no warning of the impending tragedy and tragedy it is since the poor fellow will probably never walk again. He was found by a sister who had completed milking and went to see what had become of her brother. Several of the family are down with the measles also.

HOPKINSVILLE SHOWS PROHIBITION'S VALUE

Hopkinsville, Ky., Sept. 16.—In August 1918, 191 cases were docketed in the police court of Hopkinsville, of which 116 were drunks. Last month, the second month of war time prohibition, Hopkinsville had 53 cases docketed and of these 8 warrants charged drunkenness.

Twenty-seven arrests on drunk charges made August 31, 1918, were not docketed until September 2, of that year, the first being Sunday, and these would swell the total of August, 1918, to 218, showing a reduction under dry rule of nearly 80 per cent in the number of warrants.

The reduction in the number of arrests on drunk charges, including the 27 not included in the August report, 1918, was 94 per cent. The reports cover fair week at Hopkinsville in each year. In former years the police had a strenuous time handling the crowds at times. Chief Roper reports little else to do fair week this year except traffic work.

The largest number of arrests last month was for speeding, 24 being booked on that charge.

OIL NEWS

Charlie Main was in Winchester Saturday talking over East Corbin with prospective drillers. A well which was drilled on what is now the Wentworth Farm some years ago, while search was being made for gas, showed oil thirty feet over the sand when the bailer was put down. It is understood this well is practically intact and needs only someone to again develop it. There are other good prospects in this section.

Geo. Kenniken, of St. Louis, is here looking after his oil interests.

Dent Reed, associated with the Wymond Oil interests, spent Sunday in Barbourville.

The Kentucky Development Co. have their new rig on the Robert Bain place to the east of town.

COMING HOME

Sergt. W. G. Wollum, of Hymar, Co. D. 26th. Inf. 1st Div., who arrived in New York from France on September 4th, is expected home this week. His father, L. Wollum, met him in Louisville. He took part in the Meuse-Argonne and Sedan drives and was wounded in the leg by a shell at Argonne. One sad feature of his home coming is the death of his mother while he was away. Other boys of the same Company who are expected in with him are Thomas Baker, Flat Lick, John D. Mills, Scaft, John Williams, Flat Lick, and Corporal Lynch of Corbin. All these boys saw fighting and were with the Army of Occupation in Germany.

ROOSEVELT MEMORIAL

Mrs. Sawyer A. Smith is acting as local representative for the Women's Roosevelt Memorial Association which has for its object the purchase of the house in New York City where Roosevelt was born and to gather together therein "the trophies of his genius, his vitality and his untiring zeal for good works—trophies of the civilian and the soldier, of the citizen and the ruler, of the field and the library; trophies won from his own people and the people of foreign lands."

PROHIBITION AND TOBACCO

The whiskey interests are desperately appealing to the thousands of tobacco users in the State by asserting that the dry forces, which include thousands of these same tobacco users in their ranks, will next put the weed out of business. It is an appeal which the whiskey men hope will help defeat the prohibition amendment, but the dry forces state they have no such procedure under contemplation and the appeal is but another trick of the dying whiskey devil to defeat the will of decent people.

Vote for the State-wide Prohibition Amendment and give our young men a chance.

THIRTEEN SONS AND SEVENTEEN GIRLS IN WAR

Raleigh, N. C., July 29.—Thirteen of the 18 sons of John Ward of Goldsboro are in the United States Army and his seventeen daughters are busy with war work. The facts are vouched for by Sheriff R. H. Edwards, of Wayne County, of which Goldsboro is the County seat. Ward also probably holds the record for quadruplets, says Sheriff Edwards, who gives the record thus:

Ward was born April 21, 1856, at Goldsboro. He was married three times and his third wife is now living. His first wife was the mother of fifteen children, four at one time twice, three at one time twice, one at a time once. His second wife bore him two at one time twice, three at one time once, and five one at a time. His present wife is the mother of eight. The number of boys is: By first wife, eight; by second wife, five, and by his third wife five. Of those now in the service seven are by the first wife, five by the second and one by the third.

GEO. BUNCH SUICIDES

Geo. Bunch, of Dozier Branch, between Bailey Switch and Emanuel, committed suicide Friday evening by blowing off his head with a shot gun. He stepped out of the house to commit the deed. Bunch had \$187 in cash in his pockets and was not in financial stress. The suicide was evidently due to temporary mental aberration.

Saving Is Easy If Once Started

Is it hard for you to save your money?

Have you ever really tried to save a part of your earnings?

It is all in the start. Begin today by saving a small sum and you will be agreeably surprised how your earning will grow.

\$1.00 Will Start The Account

At the end of the week open a savings account in this bank. Then your money will begin earning more money. Or You can buy War Savings Stamps here or at the postoffice.

These government certificates are safe and they will help you save.

FIRST NATIONAL BANK

(BARBOURVILLE, KENTUCKY)

CAPITAL STOCK PAID IN FULL \$50,000.00

The fact that when you get your
ballot in November you should also
receive a separate ballot by which
you will be able to express your will
on the Statewide Prohibition Amend-
ment.

JUST FOLKS

BANKERS

Bankers are more important than
they look, which is more than can
be said of everybody. In fact when
we analyze the physiognomies of
many patrons of the banks, we are
impelled to admit that for opulent
looks, the patron is often so opulent
in appearance that one would never
believe that his account is in the
red and he has just received a tele-
phone hint to that effect.

The strongest feature of a banker
must be his knowledge of human
nature. There are lots of opulent
appearing gents who find it hard to
persuade the banker man that they
are good for a stiff loan and on the
other hand, some of the boys from
the forks of the creeks and men in
humble circumstances find that the
banker appears to have a really
kindly feeling for them and is ready
to offer advice if it is desired which
helps straighten out the kinks.

In other words, the banker must
be a judge of character and charac-
ter spells very largely in the loans
business. It is true that all types
pay the same per centum, but it is
in the renewal of his notes that Mr.
Highflyer is at a disadvantage
with the fellow who has a straight
streak in him that nothing can
twist.

We see one or two small banks
in a town and do not give enough
thought to the fact that they are
the thin, red arteries of credit which
carry the life blood of the Nation's
commerce. Business is built on
credit and good faith and it is the
banker who has to be the judge as
to what is good and what is bad.

Knowing human nature as they
do, one would think that they would
sour on it, but the truth is that
there are so many "just folks" after
all, that the banker man is able to
keep his faith in humanity and go
about his work with the cheerfulness
that marks him.

And, when the banker dies and
crosses the Styx, he will meet lots
of "just folks" whom he helped in
this transient life and who will be
glad to say "hallo" in Shadowland.

UNION COLLEGE NOTES

The Junior Academy class of
Union has taken up the task of
furnishing The Mountain Advocate
with the College Notes. Robert
Blair was elected Editor in Chief,
and chose Daugh Smith as Associate
Editor. Watch for the Union Col-
lege Notes each week.

Union is again open to all those
wishing an education, and we are
expecting this to be the greatest
year in the history of old U. C.

The new faculty of Union is con-
sidered one of the best it has ever
had. The new members are as fol-
lows: Dean Ryder, Professor of
Theology; Professor Cramer, head
of the Bible Courses; Miss Hawkins,
teacher of Expression; Miss Fields,
Professor of Latin and French;
Professor Brothers, Science and
Mathematics and Miss Ross, teacher
of Piano.

Every one is busy greeting old
friends and welcoming new ones to
our life on the Campus. The en-
rollment this year is larger than
ever before. Dr. and Mrs. John A.
Gray, of Brooklyn, N. Y., have been
with us in the opening of our new
school year. They came all the way
from New York to enroll four of
their children in school. Two sons
and two daughters are with us be-
cause he believes that Union College
is the best school for young people
that he has found in all his travel
over the country.

The College Freshman Class this
year is the largest it has ever been.
This class seems to have a goodly
supply of real college spirit. This
fact speaks well for all our activi-
ties this year.

At last Union is on the road to
better Athletics. She is now build-
ing one of the best gymnasiums in
the State. When this is completed
Barbourville may look for some of
the best games played in the State.
Union's Athletic spirit is running
high. Everyone is eager for the
completion of the gym.

The music Department this year
has broken all previous records.
Miss Campbell and Professor Ahler,
the popular violin teacher of Corbin,
are going to have a full schedule.
U. C. now has a real Conservatory
of Music.

FOR SALE

368 acres good Land in high state
of cultivation, with improvements.
3 miles from County Seat on good
road. Reason for selling, to dissolve
a partnership. Not listed with real
estate agents.

Kavanaugh and Hudson,
Lancaster, Ky. 47-51

ROAD ESTIMATE GOES TO FRANKFORT

The estimate made for the govern-
ment survey has been turned in to
Frankfort. It was filed with the
State Road Commission which will
rush it thru to Washington for ap-
proval. Judge Tuggle is hopeful at
least some bridge work will be done
this fall.

CHILDREN'S HOME REPRESENTATIVES HERE

Mr. P. F. Harris, District Super-
intendent, and Mrs. Chas. P. Weaver
Financial Agent of the Eastern Dis-
trict of the Kentucky Children's
Home Society, 1036 Baxter Ave.,
Louisville, visited the Advocate of-
fice Wednesday in the interest of
their great work.

The work consists of the taking of
dependent children of the State who
have no hope or home in life, find
foster homes for them and supervise
their well being until they are twenty-
one years of age. During the ex-
istence of the institution they have
handled between 3,000 and 4,000
children and they now have some
2,000 in homes.

Of those who have passed thru
the Home 130 fought for their
country in the great war and five
paid the price by laying down their
lives. One of the girls served as a
trained nurse during the war.

Quite a number of Kentucky
teachers were once wards of this
institution and in one county the
teacher in charge of the work of
stamping out illiteracy was a Ken-
tucky Children's Home Society boy.

Mr. Harris and Mrs. Weaver are
here to complete an organization
that will raise funds for the In-
stitution which is now totally inade-
quate to take care of the large num-
ber of children who need its care.

Superintendent Hemphill is the
chairman for the school committee
for the County.

Gov. Black has set the last week
in October as Children's Week dur-
ing which every County School Su-
perintendent, school teacher, minis-
ter of the Gospel, County Fiscal
Court and the people in general, are
asked to contribute liberally to the
Kentucky Children's Home Society,
Louisville, Ky.

WHAT AILS THE CHILD?

Chances are it's WORMS — if
the child is languid, irritable
and restless in sleep. You can
find out with
**Dr. Thacher's
Worm Syrup**
Perfectly harmless. Old doc-
tor's prescription in use for
50 years. At your drug store.
THACHER MEDICINE CO.,
Chattanooga, Tenn., U. S. A.

A number of Army trucks went
thru this city en-route from Louis-
ville to Knoxville Wednesday. They
are loaded to the limit.

Evangelist DeGamo will begin a
two weeks meeting in Corbin Mon-
day.

Misses Martha and Lucy Herd, of
Manchester, were week-end visitors
of Mr. and Mrs. H. L. Hatton last
week.

Mrs. W. F. Costellow and Mrs.
John A. Black recently enjoyed a
visit to Mrs. James D. Black at the
Executive Mansion, Frankfort, Ky.
While there they were the honorees
of a dinner and theatre party. Mrs.
Costellow later visited in Louisville
and Indianapolis returning Tuesday
of this week and Mrs. Black, who
visited Richmond, Ky., returned on
Thursday.

AT THE CHRISTIAN CHURCH Sunday, September 28th

Bible School at 9:45 a. m.
The usual services at 10:50 a. m.
Sermon by the pastor: "The Remis-
sion of Sins."

There will also be evening service
at 7:30 o'clock. Sermon subject:
"This One Thing I Do." The even-
ing hour will be occupied regularly
by the pastor each Lord's Day from
now on. The services will be in-
spirational and especially interest-
ing to the young people. All are
cordially invited to attend the ser-
vices at such hours.

Thos. J. Belcher, Minister.

GET READY FOR "FLU"

Keep Your Liver Active, Your
System Purified and Free From
Colds by Taking Calotabs,
the Nauseless Calomel
Tablets, that are De-
lightful, Safe and
Sure.

Physicians and Druggists are advis-
ing their friends to keep their systems
purified and their organs in perfect
working order as a protection against
the return of influenza. They know
that a clogged up system and a lazy
liver favor colds, influenza and serious
complications.
To cut short a cold overnight and to
prevent serious complications take one
Calotab at bedtime with a swallow of
water—that's all. No salts, no nausea,
no griping, no sickening after effects.
Next morning your cold has vanished,
your liver is active, your system is puri-
fied and refreshed and you are feeling
fine with a hearty appetite for break-
fast. Eat what you please—no danger.
Calotabs are sold only in original
sealed packages, price thirty-five cents.
Every druggist is authorized to refund
your money if you are not perfectly
delighted with Calotabs.—(Adv.)

W. R. Hughes, of the Horse Creek
Coal Co., Clay Co., Ky., is now min-
ing and shipping coal and would like
to have 30 to 35 good miners. He
is paying from \$1.00 to \$1.25 per
ton for mining. Coal is 40 inches
clean coal, solid shooting. Miners
can make from \$10 to \$15 per day.
47-31.

ARTEMUS NEWS

Will Hopper has accepted a posi-
tion with the L. & N. at Warren
and is leaving here tomorrow.

John Mills went to Barbourville
Tuesday on business.

Church was well attended here
Sunday night.

Ples Mills has ended his fodder
sowing at last.

Judge T. G. Hammons went to
Barbourville Monday.

John Davis sold out and went to
Morristown, Tenn., where he stayed
four weeks, moved back, bought a
lot from Judge Hammons and thinks
he will stay awhile.

William Jackson has moved back
here as his wife is on the sick list.

Born, to Mr. and Mrs. Matt Pow-
ers, a fine boy.

Mrs. Ellen Dyes has been very ill
but is now improving fast.

Born, to Mr. and Mrs. Joe Daven-
port, two big twin boys, Sept. 18th.

Born, to Mr. and Mrs. Joe Pfaff,
a boy, Sept. 18th.

Mrs. Nancy Hammons has had
two big bean stringings and had a
big crowd to help.

Wm. Scalf and wife, Dorcas, from
Page, were the guests of Mr. and
Mrs. John Mills of this place.

Edward Hammons left here Sun-
day for St. Charles expecting to find
a job.

Born, to Mr. and Mrs. Will Ed-
wards, a girl, Luisa, Sept. 4th, died
Sept. 23rd, being found dead in bed.
The funeral was at the Rice grave-
yard at 4 p. m. the same day.

Dr. F. R. Burton made a trip to
Artemus Monday for the purpose of
seeing his patient, Aunt Luisa Hub-
bard.

France Scalf and Clark Smith
have been trading great deal this
week.

A Voice From Sioux City, Iowa, says

PE-RU-NA

Worth Its Weight In Gold

You cannot mistake the words of Mr. W. W. Northrup, of 908 Fourth
Street, Sioux City, Iowa. He is enthusiastic about his present health and
the merits of PE-RU-NA and wants everyone to know it. Here is a re-
cent letter from him:—

"PE-RU-NA is worth its weight in gold
and then some. I used to think it only a wo-
man's remedy but have changed my mind.
I had a cough, especially in the morning.
After using half a bottle of PE-RU-NA was
much better. I would cough up chunks of
phlegm and mucus, my eyes itched and bother-
ed me. Judging from the symptoms given
in your almanac it was catarrh. My stomach
is in much better condition since using your
medicine."

"Use this testimonial, if you wish. Don't
hesitate to advertise the merits of PE-RU-NA."
(Signed) W. W. NORTHROP.

There are thousands just like Mr. Northrup, skeptical at first but
convinced by a trial of PE-RU-NA.
DON'T BE AN UNBELIEVER.
If your trouble is of a catarrhal nature, try PE-RU-NA, then tell your
friends. It is fine after an attack of grip or Spanish Flu.

Sold Everywhere Tablets or Liquid
FOR CATARRH AND CATARRHAL CONDITIONS

POULTRY

HOW TO SET A HEN PROPERLY

Nest Should Be in Some Quiet Place
Where She Won't Be Disturbed—
Handle Carefully.

(Prepared by the United States Depart-
ment of Agriculture.)

The first sign of a hen being broody
(wanting to set) is that she stays
longer on the nest when laying, and
on being approached will quite likely
remain and make a clucking noise,
ruffle her feathers and peck at the in-
truder. When it is noted that a hen
sets on a nest from two to three
nights in succession and that the
feathers are disappearing from her
breast which should feel hot to the
hand, she is ready to be transferred
for setting to a nest which has pre-

Well-Selected Flock of Young Hens of
Uniform Size.

viously been prepared. The normal
temperature of a hen is from 106 to
107 degrees F., which varies slightly
during incubation.

The nest should be in some quiet,
out-of-the-way place, where the sit-
ting hen will not be disturbed. Move
her from the regular laying nest at
night and handle her carefully in do-
ing so. Put a china egg or two in the
nest where she is to sit and place a
board over the opening so that she
cannot get off.

Toward the evening of the second
day quietly go in where she is sitting,
leave some feed and water, remove
the board from the front or top of the
nest, and let the hen come off when
she is ready. Should she return to
the nest after feeding remove the
china egg or eggs and put under those
that are to be incubated. If the nests
are slightly darkened the hens are less
likely to become restless.

At hatching time they should be con-
fined and not be disturbed until the
hatch is completed, unless they become
restless, when it may be best to re-
move the chicks that are hatched first.
In cool weather it is best not to put
more than ten eggs under a hen, while
later in the spring one can put twelve
to fifteen, according to the size of the
hen.

Dust the hen thoroughly with insect
powder, and in applying the powder
hold the hen by the feet, the head
down, working the powder well into
the feathers, giving special attention
to regions around the vent and under
the wings. The powder should also be
sprinkled in the house.

POULTRY FACTS

CHICKS REARED IN BROODERS

No System Ideal for All Conditions—
Success Depends on Indi-
vidual Handling.

(Prepared by the United States Depart-
ment of Agriculture.)

More difference of opinion exists as
to the value of brooding systems than
in any other part of poultry rearing,
which shows that no system is ideal
for all conditions, but that success de-
pends largely on individual handling
and care. Many failures in brooding
are due to weak chicks which may be
traced to faulty incubation or weak-
ness in breeding stock. Successful
chick raising depends primarily upon
having healthy, vigorous breeding
stock.

Some of the most important faults
in the management of brooders are
overcrowding and lack of ventilation,
while the chicks fail to get sufficient
exercise. The brooder should supply
the proper temperature, be readily
adapted to change in weather condi-
tions, be easy to clean and well ven-
tilated. The capacity should not be
overestimated. One-half to two-thirds
of the number of chickens commonly
advised will do much better than a
larger number. Brooders and hovers
should have from one-half to two
inches of sand, dry dirt, cut clover
or chaff spread over the floor, and in
case they are kept in the brooder
house, over the floor of this also. The
hovers should be cleaned frequently,
as cleanliness is essential in raising
chickens successfully.

The best temperature at which to
keep a brooder or hover depends upon
the position of the thermometer, the
style of the hover, the age of the chick-
ens, and the weather conditions. Aim
to keep the chickens comfortable. As
the operator learns by the action of
the chickens the amount of heat they
require, he can discard the thermom-
eter if he desires. When too cold they
will crowd together and try to get
nearer the heat. If it is found in the
morning that the droppings are well
scattered over the hover it is an in-
dication that the chickens have had
enough heat. If the chickens are com-
fortable at night they will be spread
out under the hover with the heads of
some protruding from under the hover
cloth. Too much heat will cause them
to pant and sit around with their
mouths open.

It is impossible to state for each
case at what temperature the brooders
should be kept to raise young chick-
ens; however, it will run from 90 up

Splendid Flock for Any Farm.

to 100 degrees in some cases, as some
broods of chickens seem to require
more heat than others, an average be-
ing 93 to 95 degrees for the first week
or ten days, when the temperature is
gradually reduced to 85 degrees for the
following ten days, and then lowered
to 70 or 75 degrees for as long as the
chickens need heat. This depends
somewhat on the season of the year
and the number of the chickens, as it
can be readily seen that the heat gen-
erated by 50 chickens would raise the
temperature under the hover to a
higher degree than the heat given off
by a lesser number, consequently the
amount of heat furnished by the lamp
or stove will have to be regulated ac-
cordingly. As the chickens grow
larger and need less heat the lamps
may be used only at night, and later
only on cold nights. The heat is usually
cut off at the end of four or five weeks
in March or April in the vicinity of
Washington, D. C., while winter chick-
ens have heat for eight or ten weeks,
or until they are well feathered. Care
should be taken to prevent chilling or
overheating the chickens, which weak-
ens them and may result in bowel
trouble.

When chickens are first put into the
brooder they should be confined under
or around the hover by placing a
board or wire frame a few inches out-
side (this would not apply to the small
outdoor colony brooders).

POULTRY NOTES

Ducks need the grit for their diges-
tion just as chickens do.

Clean houses, nests, runs, drinking
and feeding vessels are important.

Old hens that are not needed for
breeders should be fattened and mar-
keted.

There is still a good demand for
capons, and all on hand should be
marketed.

You should have tight coops for the
hens and chickens to prevent rats
weasels and skunks from getting in
and killing little chickens.

Where Can I Find Relief From Itching, Terrifying Eczema?

Question on Lips of Afflicted.

There is a harrassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be

reached by going deep down to its source, which is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., which acts by cleansing the blood. Get a bottle to-day, and you will see results from the right treatment. Medical advice free. Address Medical Director, 48 Swift Bldg., Atlanta, Ga.

Personal Mention

Come in to the School Fair Sept. 26-27.

J. F. Parrott, of Artemus, was in town Monday.

Squire Jackson, of Flat Lick, was here Monday.

Fir Sale—Jersey Cow, fresh, and calf. N. C. Hunter. 42-2t

L. T. Bonner and wife, of Manchester, were visiting here last week.

Horace Barker, of Irwin, Ky., is back to resume his studies at Union.

FOR SALE—All kinds of plants for winter flowers. Mrs. R. W. Cole.

Mrs. W. S. McNeil has accepted a desk in the First National Bank.

Prof. W. C. Faulkner spent Sunday with his mother at Swan Lake.

Sam Cawn went to Winchester on Sunday and Mrs. Cawn to Corbin.

D. R. West has moved his sawmill to the Oscar Foley farm and is now ready for work.

Let us bid on your job work. We appreciate your business.

W. S. Edwards has bought from L. G. Miller the Judge Davis place on Main Street.

J. H. Black was up the river Tuesday testing out circular saws he had sold a customer.

Polly Broughton has been picking beans and gathering fox grapes for several days.

C. C. Black last week enlisted in the U. S. Navy and is now stationed at Great Lakes, Ill.

W. M. Smith passed thru Barbourville with his sawmill last week enroute to Knox Fork.

E. E. Beale, of the Jones Hotel, returned Sunday from a trip to Cincinnati.

Mrs. G. M. Golden and Miss Amanda Hammons went to Pineville on Saturday afternoon.

Mrs. Emmett Cooley, of London, is visiting her parents, Mr. and Mrs. J. P. Bolton.

W. P. Corey, of Sprule, and son Frank, were here shopping Monday. Mr. Corey says crops are fine.

Solomon Moses, of Lynch, Ky., an enterprising and popular merchant is visiting Amin Simon this week.

Kathlyn Gary, of Nicholasville, Ky., who has been the guest of Miss Edna Lawson, has returned home.

Astor Dobson, of Hazard, is visiting here this week, enroute to Page Ky., where he will enter the Y. M. C. A. work.

Sheriff Read P. Black left for Frankfort on Monday with John Jones, recently sentenced to the penitentiary.

R. B. McDonald, Master of Music, U. S. Army, is here on a five days pass to get his family. He will be stationed at Atlanta, Ga.

John L. Botner, of Crane Nest, was in town Saturday. He is preparing to install machinery for manufacturing auto spokes.

Jake Howard, of Wallins Creek who was a student at Union College year before last has again entered the college as a student.

Prof. James C. Bright, principal of Straight Creek Graded and High School, Bell County, took the County Examination at Pineville Saturday.

H. C. Miller left this week for Ajes, Harlan County, where he expects to take a position as bookkeeper for the High Point Coal Co.

Miss Laura Hayes is now showing hats, coats and suits. They are very pretty and the exhibit will prove interesting. Go and take a look at them.

City Judge K. F. Davis and son Will were at Brush Creek Sunday attending the meeting now going on. Mrs. Davis is staying until the close of the meetings.

Don't overlook the Millinery Opening at Miss Laura Hayes, Sept. 26 and 27. She will have on display pattern hats from Gage, Fisk, Cannon, Byers and others. Also the latest things in coats and suits.

BRICK COMPANY WILL CLOSE EARLY

The Barbourville Brick Co. will close its plant early this year in order to overhaul machinery and install new equipment with a view to increasing its output next year. On account of some old machinery, the plant has been unable to run to full capacity this year, breakdowns causing the plant to shut down frequently. Therefore, the management has decided to book no more orders and close the plant. They will install new machinery, build a new drier, new kilns and get in line for next year.

For a Weak Stomach.

The great relief afforded by Chamberlain's Tablets in a multitude of cases has fully proven the great value of this preparation for a weak stomach and impaired digestion. In many cases this relief has become permanent and the sufferers have been completely restored to health.

WANTED

District Manager for Barbourville and vicinity. Good proposition. Previous experience unnecessary. Free School of Instruction. Address Massachusetts Bonding and Insurance Company, Accident and Health Department, Saginaw, Michigan. Capital \$1,500,000. 46-2t

BIG ENROLLMENT

Last week long lines of young men and young women waited for a chance to register at the State University. It was a busy time for all concerned, but it was an extremely pleasant time because the war was a thing of the past and youth was again knocking at the door of opportunity in the good old fashioned way. The enrollment during the first few days proved conclusively that 1919-1920 will be a banner year for old State.

Diarrhoea in Children.

For diarrhoea in children one year old or older you will find nothing better than Chamberlain's Colic and Diarrhoea Remedy, followed by a dose of castor oil. It should be kept at hand and given as soon as the first unnatural looseness of the bowels appears.

WEEK END PARTY

A pleasant week-end party was enjoyed by a number of young ladies and gentlemen Saturday and Sunday, Sept. 13th and 14th, at the home of Mrs. G. W. Tye. On Saturday night the jolly party motored to Corbin with Mr. and Mrs. R. N. Jarvis. Hostesses were Misses Jewel, Drucilla, and Lilydale Tye. Those present were Messrs. Vernon Faulkner, Clare Clark, Chas. and William Lyons. The first two gentlemen were on furlough from Camp Taylor.

THE PRESBYTERIAN CHURCH

Dr. Gray, "the Hobo Preacher," will be heard at the Presbyterian Church next Sabbath at 11 a. m. Subject, "One Question That Must be Answered." Next Sabbath is New Era Rally Day for the Church throughout the country for increased attendance at Sabbath School and Church services. "You all" come and bring someone with you who does not attend S. S. or Church elsewhere.

"I Spent a \$1 on Rat-Snap and Saved the Price of a Hog."

James McGuire, famous hog raiser of New Jersey says, "I advise every farmer troubled with rats to use Rat-Snap. Tried everything to get rid of rats. Spent \$1 on Rat-Snap. Figured rats it killed, saved the price of a hog." Rat-Snap comes in cake form. No mixing with other food. Cats or dogs won't touch it. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by Wilson Bros. and Costellow Drug Co.

BOYS AND GIRLS WIN

Again this season the boys and girls in the Pig Clubs have taken high honors over veteran breeders at the State Fair which has just closed. The Junior Championship in Hampshire classes went to Wm. Mamby, Jr., of LaGrange, who is only eleven years old. In the Breeders' Junior Sow Pig Class for Durocs the club members took first, second and third with 37 showing.

Leona Downs, Cox's Creek, took first with her gilt Down's Best.

Chas. M. Wheeler, Beuchel, got second place with Taxpayer's Minnie.

George Hayden, Springfield, secured the third prize with Hayden's Cardinal Queen.

James D. Black, like all other poor mountain boys of that day had poor advantages for an education. The County free schools held only two or three months during each year. But there welled up into his youthful life a desire to be educated that drove him thru the wilderness and over the mountains in search of a school of learning. There filtered thru the scattered mountain folk knowledge that somewhere beyond the Pine and Cumberland Mountains, a school called Tusculum College was open to poor mountain boys in search of an education. There was no Union College, Baptist Institute, Cumberland College then. There were no railroads here then. So one morning, when the chill air crept freely thru the cracks in their log house he arose very early. The night had been one without rest. The appointed time when he should start for the "Fountain of Knowledge" had arrived.

He gathered what few home spuns he had into a cloth, tied the corners of the cloth together, ran a small stick thru the tied corners, bade his father good-bye. (His mother had died when he was but a child.) And with this humble kit of baggage he turned his face toward the rising sun, in search of knowledge. Advt.

For Rheumatic Affections

Physicians have found a most effective and satisfactory remedial agent in

DEVONIS

"The Waterway to Health"

The American Medicinal Mineral Water bottled at the Spring without any condensing or fortifying whatever.

64 Doses \$1.00

Dose: Tablespoonful in Glass of Water

Also prescribed by physicians for constipation, indigestion, high blood pressure, hardening of arteries and skin affections. Money back if not satisfied.

On prescription from your physician or at your druggists'. The Devonian Mineral Spring Co. (Incorporated) Owensboro, Ky.

"Mrs. Keach Tells How She Got to Know Rat-Snap."

"Have always feared rats. Lately noticed many on my farm. A neighbor said he just got rid of droves with Rat-Snap. This started me thinking. Tried Rat-Snap myself. It killed 17 and scared the rest away." Rat-Snap comes in three sizes, 25c, 50c, and \$1.00. Sold and guaranteed by Wilson Bros. and Costellow Drug Co.

LOST

One black horse mule about 14½ hands, about 10 years old. A saddle mark on right side of back. Brown or mouse colored nose. A reward of \$10 will be paid for information or return to Jim Brown, Four Mile, Kentucky. 1t-pd

HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and Nervous, Says Florida Lady. Five Bottles of Cardui Made Her Well.

Kathleen, Fla.—Mrs. Dallas Prime, of this place, says: "After the birth of my last child...I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time..."

I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so badly and was so nervous and weak I could hardly live. My husband asked Dr. about my taking Cardui. He said, 'It's a good medicine, and good for that trouble,' so he got me 5 bottles...After about the second bottle I felt greatly improved...before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my house-work and attend to my six children besides."

You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of mild, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written, telling of the good Cardui has done them. It should help you, too. Try it. E 74

MILLIONS SUFFER FROM ACID-STOMACH

The Greatest Remedy On Earth—Acid Iron Mineral

Millions of people suffer year after year from ailments affecting practically every part of the body, never dreaming that their ill health can be traced directly to acid stomach. Here is the reason: poor digestion means poor nourishment of the different organs and tissues of the body. The blood is impoverished—becomes weak, thin, sluggish. Ailments of many kinds spring from such conditions. Biliousness, rheumatism, lumbago, sciatica, general weakness, loss of power and energy, headache, insomnia, nervousness, mental depression—even more serious ailments such as catarrh and cancer of the stomach, intestinal ulcers, cirrhosis of the liver, heart trouble—all of these can be traced often directly to acid stomach.

Keep a sharp lookout for the first symptom of acid stomach—indigestion, heartburn, belching, food repeating, that awful painful bloating after eating, and sour, gassy stomach. ACID IRON MINERAL, the wonderful modern remedy for acid stomach, is guaranteed to bring quick relief from these stomach miseries. Thousands say they never dreamed that anything could bring such speedy relief—and make them feel so much better in every way. Try ACID IRON MINERAL and you, too, will be just as enthusiastic in its praise. Make your life worth living—no aches or pains—no blues or melancholy—no more of that tired, listless feeling. Be well and strong. Get back your physical and mental punch; your vim, vigor and vitality. You will always be weak and ailing as long as you have acid stomach. So get rid of it now by taking ACID IRON MINERAL. Also call for AIM Pills and take one every night until stomach, kidneys and liver are relieved.

Manufactured by the Ferrodine Chemical Company, Roanoke, Virginia. R. J. Cassidy, Manager for the State of Kentucky and the State of Indiana. 45-4t

NORTH CONCORD ASSOCIATION

Meets Thursday Oct. 2nd, with Ebenezer Church on Greasy Creek about seven miles from Four Mile Station.

All the churches in this Association are expected to send letters and delegates to this great meeting.

The Church Organizers are especially requested and urged to attend and bring a list of at least twenty-five names of the best Christians in their church.

The "Service Roll" and the apportionment for each church will be made at the Association. This completes the organization for the various churches in this association.

Every Baptist worker in the 75 Million Campaign should attend this meeting. Fraternally, B. E. Parker.

Read What U. S. Dept. of Agriculture Says About What Two Rats Can Do.

According to government figures, two rats breeding continually for three years produce 359,709,482 individual rats. Act when you see the first rat, don't wait. Rat-Snap is the surest, cleanest, most convenient exterminator. No mixing with other foods. Dries up after killing, leaves no smell. Cats or dogs won't touch it. Sold and guaranteed by Wilson Bros. and Costellow Drug Co.

SUMMER COLDS

Many have their worst colds during the warm months. A very little of

Scott's Emulsion

after meals, puts that quality into the blood that helps thwart that rundown condition that is so depressing. Build up your vitality—try Scott's.

Always Welcome
"You little rascal—played along the way, didn't you? Kept grandma waiting! Oh well, it's all right. Because"

CALUMET BAKING POWDER
is always right. It's worth waiting for. Always welcome. Never shirks its work. Never fails. Never wastes minutes or materials and I know it's pure and wholesome, as Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.
You save when you buy it—you save when you use it.

HIGHEST Quality Awards

13 MILLION WHITE PEOPLE NOT SAVED

THIS IS ONE OF THE PRESSING STATE MISSION PROBLEMS IN THE SOUTHLAND.

THE SITUATION IS OUTLINED

Baptist 75 Million Campaign Has Apportioned \$11,000,000 To Be Employed During the Next Five Years in Meeting Need.

Within the eighteen states comprising the territory of the Southern Baptist convention are 13,000,000 white people who are not only not identified with any church, but who do not claim to be Christians, according to information gathered by the Baptist 75 Million Campaign. To try and reach these people with the gospel is one of the aims of the campaign and to meet the problem the state mission organization in the various states will set themselves. To help these organizations in meeting that problem the sum of \$11,000,000 has been apportioned from the total of \$75,000,000 that is sought for all purposes, and during the next five years the state mission forces will seek to reach these millions of people right here at home with the gospel and enlist them in some phase of Christian work.

According to this same source of information, it is learned that there are 5,391 towns and villages in the South with a population of 200 or more in which there are no Baptist church organizations or no Baptist houses of worship. Inasmuch as these towns influence more or less the surrounding territory an effort will be made to reach them and the territory surrounding them during the five-year program of the Baptists, it is announced.

There are seventy-four county seats

in the South without a single Baptist church or meeting house, it has been ascertained by the campaign headquarters. By reason of the large number of public officials residing there, and the large number of people who go there from every section of the county to attend the sessions of the various courts, pay their taxes and the like it is regarded that the county-seat towns are of especial importance and it is hoped that before the next five years have passed there will be an active Baptist church in every county-seat in the South.

Engaged in the work of state missions at present are 1524 missionaries and while this may seem like a reasonable number, when the vast territory to be served is considered it has been found that fully 1,000 extra men and women are needed at once, for in addition to reaching the people who are not Christians there are many weak, struggling churches which need assistance and whose members need development. In the several states of the Southern Baptist convention, for instance, there are 9,000 churches with a membership of many thousands which give but very little to any interest of the denomination and which are doing but very small things for the uplift of their communities.

In addition to these very weak churches, many of which have no pastor, there are in the various states a total of 19,688 churches which have preaching services only once a month, 3,000 churches which have services only once a month, and only about 2,200 full time churches. Part of the \$11,000,000 apportioned for state missions will go to the strengthening of the weak churches and the bringing of them to full-time pastorates where possible.

Leaders in the campaign have sought to care for every interest of the denomination in the \$75,000,000 that is asked in cash and five-year pledges during Victory Week, November 30-December 7, when the final drive will be made, but they recognize that the future development of the church depends in a great measure upon the development of the churches at home which is the peculiar task of state missions.

AGED RESIDENT SAYS BENEFITS TOTALLED \$1000

Relief Trutona Gave Worth That Much To Her, Mrs. Benner Declares.

Louisville, Ky., Sept. 25. — "For six dollars I've paid out for Trutona I feel that I've received \$1000 worth of benefits," Mrs. C. Benner, 1123 Bardstown Road said recently. Mrs. Benner, who is 52 years old, has long been a resident of Louisville, having been born here, and she is well known in this city and vicinity.

"I'll admit that I didn't have much faith in Trutona at first but it soon proved to be the medicine for my ailments," Mrs. Benner continued. "I used to suffer severe bilious attacks. No one knows the terrible feeling I'd experience during those spells. Sometimes they would attack me while down town and I'd have a hard time getting home. My appetite was so poor there was hardly any kind of food that would tempt me. My liver has been out of shape the past two years."

"After I had taken three bottles of Trutona I realized it was helping me and now, with the fourth bottle finished, the bilious attacks have ceased to occur. I haven't had a spell for the past week. My kidneys are in better shape too. I can truthfully recommend Trutona to those who are suffering as I did."

Trutona is especially beneficial for stomach, liver and bowels troubles, catarrhal complaints, nervousness, sleeplessness, loss of appetite and the like and is equally as efficient as a reconstructive agency for overcoming after effects of pneumonia, influenza, deep colds and the like.

Trutona, the perfect tonic, is now being introduced and explained at the Castellow Drug Store, Barbourville, Kentucky.

BAUGHMAN NEWS

The farmers of his place are busy taking care of their fodder, cane etc.

Born, to the wife of Mr. Mat Pete Chick, a fine boy.

Mr. Wade Woodson called at the Morris home Sunday afternoon.

Mr. Walter Valentine visited home folks Saturday and Sunday.

Mr. Sol Carnes made a business trip to Knoxville Friday.

Mr. and Mrs. Robert Williams are very ill at this writing.

A big revival begins at the brick church Sunday night and we hope to have a good attendance.

Chamberlain's Cough Remedy.

This is not only one of the best and most efficient medicines for coughs, colds, croup and whooping cough, but is also pleasant to take, which is important when a medicine must be given to children. Chamberlain's Cough Remedy has been in use for many years and has met with much favor wherever its good qualities have become known. Many mothers have given it their unqualified endorsement. Wm. Scruby, Chillicothe, Mo., writes: "I have raised three children, have always used Chamberlain's Cough Remedy and found it to be the best for colds, coughs and croup. It is pleasant to take. Both adults and children like it. My wife and I have always felt safe from croup with it in the house." Chamberlain's Cough Remedy contains no opium or other narcotic.

5,000 Helpless Orphans in South Are Asking the Privileges of a Home

Baptists Are Providing For That Many at Present in Fifteen Institutions But as Many More Are Waiting For Admission—The 75 Million Campaign Plans to Meet That Need.

A Group of Boys and Girls in the Tennessee Baptist Orphan Home near Nashville who are being cared for and trained for useful lives.

Does your heart go out to the worthy boy and girl bereft by the Grim Reaper of father and mother, and left alone in the world without the fostering care of those to whom they are naturally most dear in the world?

Then you will understand why Southern Baptists have established orphanages in fifteen states, are caring for 5,000 such children in those homes and training them for useful lives in the world.

But the need is far greater than the ability of these institutions to meet it. While five thousand children are being cared for in these orphanages, there are on the waiting list of these institutions fully five thousand more equally worthy, fatherless and motherless boys and girls who want the privileges which these orphanages afford but which must be denied them for the present because there is no room with which to shelter more of them.

So when the Baptist 75 Million Campaign was launched for the enlargement of the work of the denomination along general lines in an effort to meet growing spiritual needs in the homeland and throughout the world, the sum of \$4,700,000 was apportioned to the orphanages, this sum to cover a program of five years, as the \$75,000,000 sought in the campaign will be raised in cash and five-year pledges during Victory Week, November 30-December 7.

In the homes that have been provided for the orphan facilities are provided for giving regular schooling of the same character that is afforded in the public schools, beginning with the kindergarten and continuing to the tenth and eleventh grades in the

high school. This work in the school room is supplemented, however, with practical training along industrial and other lines. For instance, the boys are given courses in practical farm work on farms which have been purchased and are operated by the homes, livestock production, carpentering, tin work, plumbing, laundrying, and the like, as well as courses in business for those who show special adaptation for that line of work.

The school room work for the girls is supplemented with the study of music, domestic science, stenography and the like. Large attention is given to the religious life of the children, also, and this is given emphasis in the daily chapel services, and in the Sunday School and preaching services on the Sabbath.

The orphan children respond readily to the opportunities and privileges afforded them and there have gone out from these institutions a number of the most useful men and women in the various states. While taking pride in the accomplishments of the boys and girls who are in the homes at present, as well as those who have gone out from there to make their own way in the world, the superintendent and teachers are saddened by the fact that there are so many other helpless children who ought to be aided but can not be by reason of the limitations of the homes.

Enlargements are necessary for all of the fifteen orphanages fostered by Southern Baptists which are located in the following states: Alabama, Arkansas, Florida, Georgia, Illinois, Kentucky, Louisiana, Mississippi, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee, Texas and Virginia.

EXCESSIVE ACIDITY is at the bottom of most digestive ills.

KI-MOIDS

for indigestion afford pleasing and prompt relief from the distress of acid-dyspepsia. MADE BY SCOTT & BOWNE MAKERS OF SCOTT'S EMULSION

EMANUEL NEWS

Married, at the home of Rev. John Clouse, Mr. Walter Lawson and Miss Ruby Turner. Rev. John Clouse officiated. No one was present at the ceremony but the groom, the bride and bridesmaid. The wedding took place Sunday evening.

Friday night George Bunch shot out his brains with a shot gun. He ate his supper as usual, picked up his gun, told the family he was going out to kill an owl that had been bothering him. In a little while they heard the gun fired. As he did not make his appearance, they became alarmed and went out to see about him and found him in the back yard with the whole top of his head blown off. The funeral took place Saturday at 2 o'clock.

Friday evening the Stone Coal School marched down and spelled against the Jackson School. It was a hot contest. Every pupil in both schools was called to the floor. The Jackson School won the spelling bee and incidentally \$5.00 worth of candy that was offered by the citizens of Emanuel to the lucky school. The Jackson School pupils are considered champion spellers. They spelled against Pleasant Ridge last year and won that race also.

Everybody invited to a ball game at Emanuel Saturday evening and at Middle Fork Sunday evening. The Middle Fork team plays the Emanuel team Saturday evening and both teams play at Middle Fork every Sunday evening. The Emanuel boys have been the lucky winners so far.

Married Thursday, Mr. Joe Blankenship and Miss Carrie Hurd, both from Emanuel, Ky. A happy couple.

James D. Ray is now postmaster of Emanuel. He was assigned to office Sept. 19th. Edna Roy is general clerk in the post-office.

Miss Leila B. Lines, of Founthead Tenn., is visiting her sister here.

Miss Sallie Frederick and some of her girl friends met 23 at Emanuel Sunday evening.

Edna Ray was the guest of Miss Effie Peaveley Tuesday.

Our philosopher says: A field is like a horse, it's got to be fed and handled and thought about a good deal to be kept in condition.

DOING THEIR DUTY

Scores of Barbourville Readers are Learning the Duty of the Kidneys.

To filter the blood is the kidney's duty.

When they fail to do this the kidneys are weak.

Backache and other kidney ills may follow.

Help the kidneys do their work. Use Doan's Kidney Pills—the tested kidney remedy.

Proof of their worth in the following:

John M. Conant, Virginia Avenue Pineville, Ky., says: "I have used Doan's Kidney Pills with good results. My kidneys were out of order and I had dull pains across the small of my back. I had soreness across my kidneys and my kidneys acted irregular. I used Doan's Kidney Pills and they strengthened my back and regulated my kidneys." Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Conant had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

MARRIAGE LICENSES

Richard Stewart, Fount, and Miss Vada Bronson, Crane Nest.

Jesse Gibson, Barbourville, and China Hinkle, Warren.

Walter Lawson, Bailey Switch, and Ruby Turner, Emanuel.

Lee West, Fork Ridge, Tenn., and Evry Ogan, Barbourville.

Dan Herndon and Stewart Miller, Barbourville.

BIRTHS

Born to Mr. and Mrs. Oscar Deaton, a fine boy, Sept. 17.

Born to Mr. and Mrs. Will Sprinkles, of Fount, a bouncing boy, September 15.

Born to Mr. and Mrs. Mat Powers, Artemus, a fine boy, Sept. 18.

Born to Mr. and Mrs. Custer Laws of Artemus, a big boy, Sept. 19.

Born to Mr. and Mrs. Geo. Reeves of King, a fine boy, Sept. 16.

DEATH

Carrie Sampson, of Scratch Ankle, age 19 years. Cause of death was typhoid fever.

NOTICE

We have received a number of complaints that the Advocate is not being delivered to subscribers and wish to take up the matter with the Postmaster General.

Will our subscribers who fail to receive the paper regularly advise us so we may quote definite cases.

FOR SALE—The Nicholson property on Pine Street. 10 room house modern equipped, newly painted, new roof, newly papered. Lot about 85 ft. front by 430 ft. Price \$5,500. Half down, balance in 6 or 12 months notes. Is worth more money. See Fred Burman, Mountain Advocate, Barbourville, Ky.

ARKLE NEWS

The funeral of Mrs. H. K. Hollifield will be held Sunday at the Brofford graveyard at Arkle.

Chop Hollifield has returned home after working at Manchester.

John Eagle wants to move to Lynchamp to work for the Gordon Mills Coke and Coal Co.

The Richland Coal Co. is working every day.

Mrs. Flora and Hannah Hughes, of Arkle, and several others, attended church the other side of Middlesboro on Sunday.

They had a very nice time at the box supper Friday afternoon except that the boxes did not go as high as they might have done, the highest being \$2.95.

We had a very good attendance at Sunday School at Roseland.

We have had a good rain here for the last two or three days.

TO CORRESPONDENTS

Please sign all correspondence. We are very anxious that all correspondents go on our mailing list, and also that when something of extra importance comes up we can get in touch with them by phone. F. Burman, Editor.

"Gee-Whiz! How it Hurts—The Pain in My Foot!"

"Sometimes it is in my arm. Merciful Heaven, how my back hurts in the morning!" It's all due to an over-abundance of that poison called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking the advice of Dr. Pierce, which is "keep the kidneys in good order."

"Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably hot water, before meals, and drive the uric acid out of the system by taking Anuric." This can be obtained at almost any drug store.

Send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, take heed, before too late. Get Anuric (anti-uric-acid), for it will put new life into your kidneys and your entire system. Ask your nearest druggist for it or send Dr. Pierce ten cents for trial package.
